US-20	Confirm order collection at pickup point	Pickup Point Agent	Must have	UC-17

Customer User Stories

ID	Epic	Story title	Priority
US-01	Account management	Register account	Must have
As a	new customer		
I want to	register an account using my email or mobile number		
So that	I can log in and start shopping on ShopEase LK		
UC reference	UC-01		
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I am on the registration page When: I enter a valid email, mobile number, and password and click Register Then: the system creates my account and sends a verification email or SMS OTP		
AC-02	Given: I have submitted my registration When: I click the verification link or enter the OTP Then: my account is activated and I am redirected to the home page		
AC-03	Given: I enter an email that is already registered When: I click Register Then: the system displays an error message saying the email is already in use		
AC-04	Given: I leave a required field empty When: I click Register Then: the system highlights the empty field with an inline error message		

ID	Epic	Story title	Priority
US-02	Account management	Login to account	Must have
As a	registered customer		
I want to	log in using my email or mobile and password		
So that	I can access my account, orders, and saved addresses		
UC reference	UC-02		
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I am on the login page with a valid account When: I enter correct credentials and click Login		

	Then: the system authenticates me and redirects to the home page
AC-02	Given: I enter a wrong password When: I click Login Then: the system shows an error and counts the failed attempt
AC-03	Given: I fail login 5 consecutive times When: the 5th failure is recorded Then: the system locks my account for 30 minutes and displays a lockout message
AC-04	Given: I have forgotten my password When: I click Forgot Password and enter my registered email Then: the system sends a password reset link to my email

ID	Epic	Story title	Priority
US-03	Shopping	Browse and search products	Must have
As a	customer		
I want to	browse products by category and search by keyword		
So that	I can quickly find what I want to buy without scrolling through everything		
UC reference	UC-03		
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I am on the home page When: I click a product category Then: the system displays all active products in that category with name, price, and rating		
AC-02	Given: I am on any page When: I type a keyword in the search bar and press Enter Then: the system returns matching products within 2 seconds		
AC-03	Given: I have search results on screen When: I apply filters for price range and minimum rating Then: the system updates results instantly to match my filters		
AC-04	Given: I search for a keyword that matches no products When: results are returned Then: the system displays a No products found message with suggested categories		

ID	Epic	Story title	Priority
US-04	Shopping	View product details	Must have
As a		customer	
I want to		view full product details including photos, description, price, and reviews	
So that		I can make an informed purchase decision and trust the product quality	
UC reference		UC-04	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I click on a product from search results or category page		
	When: the product detail page loads		
	Then: I see at least 3 product photos, full description, price in LKR, stock status, seller name, and verified badge if applicable		
AC-02	Given: I am on a product detail page		
	When: I scroll to the reviews section		
	Then: I see the average star rating, total review count, and individual reviews with text and photos		
AC-03	Given: A product is out of stock		
	When: I view the product detail page		
	Then: the Add to Cart button is disabled and Out of Stock is displayed clearly		

ID	Epic	Story title	Priority
US-05	Shopping	Add to cart and checkout	Must have
As a		logged-in customer	
I want to		add products to my cart and complete checkout with my delivery address	
So that		I can place an order quickly without re-entering my details every time	
UC reference		UC-05	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I am on a product detail page		
	When: I click Add to Cart		
	Then: the system adds the item to my cart and updates the cart icon count		
AC-02	Given: I am at checkout		
	When: I select a saved delivery address		
	Then: the system pre-fills the address and I can proceed without retyping		

AC-03	Given: I proceed to checkout When: an item in my cart goes out of stock Then: the system alerts me, removes the item, and prevents checkout until resolved
AC-04	Given: I am at the order summary step When: I review my items, delivery option, and total Then: I see itemised cost, delivery fee, and grand total clearly before confirming

ID	Epic	Story title	Priority
US-06	Delivery	Select delivery option	Must have
As a	customer at checkout		
I want to	choose between urgent courier, standard ShopEase delivery, or pickup point collection		
So that	I can balance cost and speed based on my needs for each order		
UC reference	UC-06		
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I select Urgent delivery and I am within PickMe or Uber coverage When: the system calls the courier API Then: I see PickMe and Uber options with real-time ETA and delivery fee in LKR		
AC-02	Given: I select Urgent delivery but I am outside courier coverage When: the coverage check returns negative Then: the system shows only ShopEase delivery and pickup points with a message explaining courier is unavailable in my area		
AC-03	Given: I select Standard delivery and my order total exceeds Rs 3,000 When: delivery options are displayed Then: ShopEase delivery is shown as free and marked as recommended		
AC-04	Given: I select any delivery type When: options are displayed Then: the pickup point option is always visible with the nearest location and Rs 0 to 100 fee		
AC-05	Given: The PickMe or Uber API does not respond within 3 seconds When: I select Urgent delivery Then: the system shows a fallback message and displays ShopEase delivery and pickup options		

ID	Epic	Story title	Priority
US-07	Payment	Make payment using card or COD	Must have
As a		customer at payment step	
I want to		pay by card or choose cash on delivery for any delivery method	
So that		I can complete my purchase even if I do not have a credit or debit card	
UC reference		UC-07	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I select card payment When: I click Confirm and Pay Then: the system redirects me to the payment gateway where I enter my card details securely		
AC-02	Given: My card payment is successful When: the gateway confirms the transaction Then: the system creates my order and sends a confirmation email and SMS with the order ID		
AC-03	Given: My card payment fails When: the gateway returns a failure Then: the system returns me to the payment page with a clear error and my order is not placed		
AC-04	Given: I select cash on delivery When: I confirm my order Then: the system registers the COD order and generates a unique collection code for verification		

ID	Epic	Story title	Priority
US-08	Order management	Track order in real time	Must have
As a		customer who has placed an order	
I want to		track my order status from confirmation to delivery	
So that		I know exactly where my order is and when to expect it	
UC reference		UC-08	
AC ID	Acceptance criteria (Given / When / Then)		

AC-01	Given: My order has been confirmed When: I open My Orders and click Track Then: I see the current status: Confirmed, Packed, Dispatched, Out for Delivery, or Delivered
AC-02	Given: My order status changes When: each status update occurs Then: I receive an SMS and email notification with the new status and estimated time
AC-03	Given: My order is being delivered by PickMe or Uber When: I view the tracking page Then: I see a live map with the driver location and updated ETA

ID	Epic	Story title	Priority
US-09	Reviews	Submit product review	Should have
As a		customer who received a delivered order	
I want to		submit a star rating and written review with optional photo or video	
So that		other shoppers can make informed decisions based on real purchase experiences	
UC reference		UC-09	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: My order status is Delivered When: I visit the product page or My Orders Then: I see a Write a Review button for that product		
AC-02	Given: I submit a review with a star rating and text When: I click Submit Review Then: the system saves my review and updates the product average rating immediately		
AC-03	Given: I try to review a product I have not purchased When: I visit the product page Then: the Write a Review button is not shown		
AC-04	Given: I attach a photo or video under 30 seconds When: I submit the review Then: the media is uploaded and displayed alongside my written review		

ID	Epic	Story title	Priority
US-10	Delivery	Confirm pickup collection	Must have
As a		customer collecting from a pickup point	
I want to		present my order code at the pickup point and confirm collection	
So that		my order is marked as delivered and the process is completed	
UC reference		UC-17	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: My order is ready at the pickup point When: I receive an SMS saying my order is available for collection Then: the message includes the pickup point address, opening hours, and my unique collection code		
AC-02	Given: I present my collection code to the pickup agent When: the agent enters or scans the code Then: the system marks my order as Collected and sends me a confirmation SMS		
AC-03	Given: I do not collect within 5 days When: the collection window expires Then: the system alerts Admin and flags the order for return or resolution		

Seller User Stories

ID	Epic	Story title	Priority
US-11	Seller onboarding	Register as seller	Must have
As a	vendor who wants to sell on ShopEase LK		
I want to	register my business and submit my details for verification		
So that	I can get approved and start listing products on the platform		
UC reference	UC-10		
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I am on the seller registration page When: I fill in my business name, NIC or business registration, bank account, and product category and submit Then: the system creates a Pending seller account and notifies Admin for review		
AC-02	Given: Admin approves my application When: approval is recorded Then: I receive an approval email, my account is activated, and a verified badge is assigned		
AC-03	Given: Admin rejects my application When: rejection is recorded Then: I receive a rejection email with the stated reason		
AC-04	Given: I submit a NIC number already registered in the system When: the form is submitted Then: the system shows a duplicate registration error and prevents submission		

ID	Epic	Story title	Priority
US-12	Product management	Manage product listings	Must have
As a	approved seller		
I want to	add, edit, and remove product listings with photos, price, and stock count		
So that	I can keep my storefront accurate and up to date for customers		
UC reference	UC-11		
AC ID	Acceptance criteria (Given / When / Then)		

AC-01	Given: I am on my seller dashboard When: I click Add Product and fill in name, description, price, stock count, and upload at least 3 photos Then: the system saves the listing and makes it visible to customers on the platform
AC-02	Given: I edit the price or stock count of an existing listing When: I save the changes Then: the updated price and stock are reflected on the product page immediately
AC-03	Given: I delete a product listing When: I confirm deletion Then: the listing is removed from the customer view but the order history data is preserved
AC-04	Given: My stock count reaches 4 units When: the threshold is crossed Then: the system sends me a low stock alert via email

ID	Epic	Story title	Priority
US-13	Sales management	View sales dashboard	Must have
As a		approved seller	
I want to		view my total sales, pending orders, revenue, and inventory status in one dashboard	
So that		I can manage my business efficiently without contacting ShopEase support	
UC reference		UC-12	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I am logged into my seller account When: I open my dashboard Then: I see total revenue, number of orders today, pending dispatch orders, and top selling products		
AC-02	Given: I click on a specific order in the dashboard When: the order detail opens Then: I see the customer delivery address, items ordered, quantities, and current status		
AC-03	Given: I apply a date filter on the revenue chart When: the filter is applied Then: the chart updates to show revenue for the selected date range		

ID	Epic	Story title	Priority
US-14	Order fulfillment	Process and dispatch order	Must have
As a		approved seller	
I want to		mark an order as packed and dispatched once I have prepared it	
So that		the customer receives accurate delivery status updates and their order on time	
UC reference		UC-11	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I receive a new order notification When: I open the order in my dashboard Then: I see all order items, quantities, delivery method selected, and the customer delivery address or pickup point		
AC-02	Given: I have packed the order When: I click Mark as Packed Then: the order status updates to Packed and the customer receives a notification		
AC-03	Given: I have handed the order to the courier or ShopEase delivery When: I click Mark as Dispatched Then: the order status updates to Dispatched and the customer receives a dispatch notification with ETA		

ID	Epic	Story title	Priority
US-15	Feedback	View product reviews	Should have
As a		approved seller	
I want to		read customer reviews and ratings on my products	
So that		I can understand customer feedback and improve my product quality and listings	
UC reference		UC-09	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I am on my seller dashboard When: I click Reviews for a product		

	Then: I see all customer reviews with star rating, written feedback, and any photos or videos
AC-02	Given: A new review is submitted for my product When: the review is published Then: I receive an email notification with the review content and rating
AC-03	Given: I believe a review violates platform policy When: I click Report Review Then: the system flags the review for Admin to investigate

Admin User Stories

ID	Epic	Story title	Priority
US-16	Seller governance	Approve or reject seller application	Must have
As a		platform Admin	
I want to		review seller applications and approve or reject them with a reason	
So that		only verified, legitimate sellers can list products and build customer trust	
UC reference		UC-13	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: A new seller application is submitted When: I open the pending applications list Then: I see the seller name, business registration, NIC, bank details, and product category		
AC-02	Given: I approve a seller application When: I click Approve Then: the seller account is activated, a verified badge is assigned, and the seller receives an approval email		
AC-03	Given: I reject a seller application When: I enter a reason and click Reject Then: the seller receives a rejection email with the stated reason and can reapply after correcting issues		

ID	Epic	Story title	Priority
US-17	Order oversight	Manage all platform orders	Must have
As a		platform Admin	
I want to		view and manage all orders across all sellers on the platform	
So that		I can monitor operations, identify issues, and ensure orders are fulfilled correctly	
UC reference		UC-14	
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: I am on the Admin dashboard		

	When: I open All Orders Then: I see a list of all orders with order ID, customer, seller, status, delivery method, and total amount
AC-02	Given: I filter orders by status, seller, or date range When: I apply the filter Then: the list updates to show only matching orders
AC-03	Given: An order has been in Dispatched status for more than 5 days When: I review the flagged orders report Then: the overdue order is highlighted and I can take manual action

ID	Epic	Story title	Priority
US-18	Dispute resolution	Resolve customer dispute	Must have
As a	platform Admin		
I want to	review customer disputes and issue full or partial refunds		
So that	customers are treated fairly and trust in the platform is maintained		
UC reference	UC-15		
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: A customer submits a dispute with evidence When: I open the dispute case Then: I see the customer complaint, attached photos, seller response, and full order history		
AC-02	Given: I decide in favour of the customer When: I approve a full refund Then: the system processes the refund to the original payment method or issues store credit for COD orders		
AC-03	Given: The seller does not respond to the dispute within 3 business days When: the auto-escalation triggers Then: the dispute is flagged in my queue and I am notified to make a decision		

ID	Epic	Story title	Priority
US-19	Platform operations	Manage pickup point locations	Must have
As a	platform Admin		

I want to	add, activate, and deactivate pickup point partner locations
So that	customers always have access to accurate and available pickup options
UC reference	UC-16
AC ID	Acceptance criteria (Given / When / Then)
AC-01	Given: I add a new pickup point partner When: I enter the location name, address, district, and contact number and click Save Then: the new pickup point appears in the delivery options for customers in that district
AC-02	Given: A pickup point partner closes or is no longer available When: I click Deactivate for that location Then: the location is immediately removed from customer delivery options and no new orders are routed to it
AC-03	Given: I view the pickup points list When: the page loads Then: I see all locations with their district, status (active or inactive), and order volume this month

Pickup Point Agent User Stories

ID	Epic	Story title	Priority
US-20	Pickup operations	Confirm order collection at pickup point	Must have
As a	Pickup Point Agent at a partner location		
I want to	enter or scan a customer collection code to confirm they have collected their order		
So that	the order is properly closed, the customer gets confirmation, and the seller receives payment		
UC reference	UC-17		
AC ID	Acceptance criteria (Given / When / Then)		
AC-01	Given: A customer presents their collection code at the pickup point When: I enter the code into the agent screen and click Confirm Then: the system validates the code, marks the order as Collected, and shows a success message		
AC-02	Given: The collection is confirmed When: the status updates Then: the customer receives a Collected confirmation SMS and the seller is notified for payment settlement		
AC-03	Given: I enter an invalid or expired collection code When: I click Confirm Then: the system shows an error message and does not update the order status		
AC-04	Given: An order has been at the pickup point for more than 5 days uncollected When: the collection window expires Then: the system flags the order as Uncollected and alerts Admin for resolution
